

Health & Safety Policy Statement

StS Resources & Technology Limited provide services to the oil, gas & renewable energy sector both on and offshore.

We recognise that the health & safety of our staff, customers, associates and visitors is an integral part of our business performance.

The aim is for all employees to be guaranteed a work environment which forms the basis for a health-promoting and purposeful work situation where they are fully protected against physical and mental damage.

To ensure the health & safety of staff, customers, associates and visitors, as far as is reasonably practicable, StS Resources & Technology Limited will:

- ✦ as a minimum meet, and as appropriate exceed, all regulatory and legislative health & safety requirements applicable
- ✦ to provide and maintain equipment and systems of work that are safe and without risk to staff or visitors
- ✦ continually seek to improve health & safety performance, setting and implementing appropriate objectives
- ✦ encourage staff to “think safe”, take responsibility for their own safety and of those around them
- ✦ through staff consultation, involvement and training gain commitment to this policy
- ✦ provide adequate resources to ensure that this policy is effectively implemented
- ✦ periodically review the appropriateness and effectiveness of this policy
- ✦ maintain safe and healthy working conditions
- ✦ aim to prevent accidents and cases of work-related ill health

The Directors of StS Resources & Technology Limited have the prime responsibility for Health & Safety Management.
